

*Custom Made Cricket Teamwear & Performance Training Apparel*

# *Turning Dreams into Reality*

## *Sublimated Coloured Kits*

AJ Sports are one of the earliest pioneers of coloured clothing, kitting out teams around the globe since the 1980s. Our playing kits have been worn by teams around the world, from every international side to the local village XI. We are still the only manufacturer to have supplied the playing kit for four teams at a World Cup, in 2003, for Pakistan, Sri Lanka, Bangladesh and Kenya.

The latest digital printing technology allows us to produce playing and training clothing in vibrant colours and bold designs that are infused with the heart and soul of your club

Our creative designers will collaborate with you directly to turn your ideas into unique, oneoff masterpieces so that when you take to the field your team's true spirit and passion are there for all to see.

**Turn dreams into *reality...***

*Full range of sublimated shirts, trousers, sweaters and caps available.*
